

# Sabrina Carpenter, Fix Me Up

Tell me something you never told before  
Before I walk through the door, I adore you, I adore you  
I do, I do  
Smile with me and cry with me  
I won't ever tell a soul  
Hold my hand  
I'll squeeze it back  
And I'll never let go

Never give up, never look back  
I won't give up, I'll keep on trying  
Dry your tears up, all your crying  
Cannot fix me up, my darling  
Fix me up, my darling

Twisty, turning winding path  
I could listen to your laugh  
As we tiptoe down these humble truths  
I don't want to lose you  
Show me how to love deeper than the surface, my friend  
And you can show me what it means to have purpose  
And I'll tell you again

Never give up, never look back  
I won't give up, I'll keep on trying  
Dry your tears up, all your crying  
Cannot fix me up, my darling  
Fix me up, my darling

Woh Woh Woh...  
Woh Woh Woh...  
Woh Woh Woh...  
Woh Woh Woh...  
Woh Woh Woh...  
Woh Woh Woh...  
Woh Woh Woh...  
Woh Woh Woh... Hold on

Don't you lose hope, the sky's not falling  
Please just listen 'cause I'll be calling  
Stay with me just one more moment  
I know you're in pain, just please don't show it  
One more moment, please  
It's too late, I'm afraid I have to leave  
One more moment, please  
It's too late, I'm afraid I have to leave  
One more moment, please  
It's too late, I'm afraid I have to leave  
One more moment, please  
It's too late, I'm afraid I have to leave  
Just promise me, promise me that you'll...

Never give up, never look back  
I won't give up, I'll keep on trying  
Dry your tears up, all your crying  
Cannot fix me up, my darling  
Fix me up, my darling  
Fix me up, my darling  
Fix me up, my darling
