

Sabrina Carpenter, Looking at Me

Did I catch your attention?
You look like you lost your breath
When I circle the room, you gon' twist your head
Don't you come at me green with an attitude
When my lips and my soles are red
If I leave you behind, you can look for the broken ex, no, no

'Cause I've been here once or twice
Never worry 'bout the eyes, (come on)

Don't you stand there staring, honey
Try to move your feet
If you think they looking at you
They looking at me
I can make it nice and easy
I'mma take the lead
They ain't even looking at you, baby
They looking at me

They looking at me
Yeah, yeah, they looking at me

If you yearn for a teacher, I'll teach you what you don't know
(I can teach you the things that you wanna know)
But I can't give it up all at once, you would overdose
Don't you bring any bull in the room tonight
It's a whole new rodeo
It could be you and me
But you know that I'll steal the show, oh (Yeah)

'Cause I've been here once or twice
(I've been here once or twice, babe)
Never worry 'bout the eyes
Never worry 'bout the eyes, c'mon

Don't you stand there staring, honey
Try to move your feet
If you think they looking at you
They looking at me
I can make it nice and easy
I'mma take the lead
They ain't even looking at you, baby
They looking at me

They looking at me
(No, no, no, no)
Yeah, yeah, they looking at me
But they looking at me, babe
'Cause they looking at me, baby

Hey
If I leave you behind, you can look for the broken ex
(Don't you)

Don't you stand there staring, honey
Try to move your feet (Try to move your feet now)
If you think they looking at you
They looking at me
I can make it nice and easy
I'mma take the lead
They ain't even looking at you, baby
They looking at me

(They just looking at me, they just looking at me)

They looking at me
(Yeah, they're looking at me, my baby, baby, baby)
Yeah, yeah, they looking at me
But they looking, they looking at me
They looking at me
