

Sacred Steel, Heavy Metal To The End

Come together for the Slaughter
The Crows feast tonight
Storm like Hell, bring on Terror
We kill with pure Delight
Fighting on for Power and Glory
To gain the Metal Throne
We clash with Iron Fury
To terminate their Souls
Kill for Steel and Blood
Posers will die for the Gods

Stand and fight with Sword in Hand
Heavy Metal To The End
Fight and die the Gods command
Heavy Metal To The End

Metal Blades sing songs of Carnage
Death Hymns of sacred Gore
Fast killing Steel of dark Rage
Dance deadly Tools of War
We charge in Praise of Metal
We strike with Steelborn Force
We kill as one forever
There will be no remorse
Heavy Metal To The End
