

# Sacred Steel, Reborn In Steel

Steel forged in fire  
baptized in blood  
the flame soaring higher  
given birth the metal god

Doom falls silent death draws near  
bring on vengeance pain and fear  
assault of metal death is real  
kneel and praise the gods of steel

You are born to suffer  
you are born to bleed  
your time is over  
the false one to be killed

Righteous slaughter no more lies  
time for truth the time to die  
metalheads born to the light  
sons of steel will kill tonight

We are reborn in steel  
born to be heir to the king  
foretold to be rulers of heaven and earth  
we are reborn in steel  
sworn not to bow not to kneel  
forever to rule witness our rebirth
