

Sacred Steel, Reborn In Steel

Steel forged in fire
baptized in blood
the flame soaring higher
given birth the metal god

Doom falls silent death draws near
bring on vengeance pain and fear
assault of metal death is real
kneel and praise the gods of steel

You are born to suffer
you are born to bleed
your time is over
the false one to be killed

Righteous slaughter no more lies
time for truth the time to die
metalheads born to the light
sons of steel will kill tonight

We are reborn in steel
born to be heir to the king
foretold to be rulers of heaven and earth
we are reborn in steel
sworn not to bow not to kneel
forever to rule witness our rebirth
