

# Sade, I Will Be Your Friend

I know that lately  
Things haven't been so good  
I always said  
If I could ever help you I would  
Ooh ooh ooh, Ooh ooh ooh, I love you  
For a thousand years  
Ooh ooh ooh, Ooh ooh ooh, I'm here  
To wipe away the tears

I will be your friend till the end of time  
I will be your friend I'm here to make you smile

When your fallin apart  
I pick up each piece  
Build a wall around your dreams

The punches to your heart  
Melt away when you never thought they'd heal  
So trust in me  
These are the words I tattoo on you  
If hercules can pick you up  
I will I really am true

I will be your friend untill the end of time  
I will be your friend I'm here to make you smile

Ooh ooh ooh, Ooh ooh ooh, I love you  
For a thousand years  
Ooh ooh ooh, Ooh ooh ooh, I'm here  
To wipe away the tears

You've got so much to give  
I'll tell you just when you need to know  
Get out and live  
Pick you up when you're feeling low

So here's my hand  
Trust in me I really am true  
You've got to understand  
There's nothing  
I wouldn't do

I will be your friend untill the end of time  
I will be your friend I'm here to make you smile

I will be your friend untill the end of time  
I will be your friend I'm here to make you smile

You've got so much to give  
Ooh Ooh ooh Ooh  
Get out and live  
Ooh Ooh Ooh Ooh

I will be your friend untill the end of time  
I will be your friend I'm here to make you smile

The Punches to your heart  
When your falling apart..
