Saga, Breathing Lessons

I know how to roll a seven & I know I've got a place in heaven But I'm in no hurry to go I know all the compromises & I've seen all the shapes & sizes But I never go with the flow

[bridge]

I think I need some breathing lessons Sometimes I go too far I know I need some breathing lessons Show me where to start

I don't know how to change the weather But I've seen you in lace & Damp; leather & Damp; amp; I keep that thought to myself I know how to live on credit Take a dive & Damp; never regret it So much for sharing the wealth

[repeat bridge] [chorus]

Breath in, Breath out you don't know how I need you right now Breath in - If I let go And breath out- Tell me you'll catch me I know that you will show me how

I know how to lock & lamp; load it & lamp; load; know how to crack and de-code it Call it my fortunate fame I know how to do what matters Shake the tree & lamp; low to climb the ladder I'm at the top of my game [repeat bridge] [repeat chorus]
