

# Saga, How Are You?

How are ya' feelin' now?  
How are ya' feelin' now?

I've got some news for you  
You and your attitude  
Back off, I won't go near it  
Your world goes 'round & 'round  
You might be feelin' down  
But we don't wanna hear it  
Now you've seen better days  
It's written in your face  
You'll just have to grin & bear it  
No matter what you do  
It all comes down to you  
You are the one who wears it  
C'mon tell me, I'm listening

How are ya' feelin' now?  
Year, that's what it's all about  
How are ya' feelin' now?  
Well, don't turn your upside down

Be careful what you say  
Or we'll run the other way  
I don't mean to burst your bubble  
But, ya' carry a lot of weight  
Haven't you heard of fate.  
Or do you prefer the trouble?  
[repeat chorus]  
How do ya feel right now?  
Don't turn tour upside down  
[repeat chorus]
