

# Saga, Mouse In A Maze

He's a mouse in a maze  
With its so many ways  
But there's only one way to get out  
He's a mouse in a maze  
With its so many ways  
But there's only one way to get out  
Ever nearing eyes  
Watch him as he tries  
To correct that one same mistake  
It souldn't take long  
Oh, where did he go wrong  
He's tried so hard it must be in his fate  
For everybody else  
It's quick they need no help  
Why must it take him so long  
He's been this way before  
Stares at the final door  
The one he's missed  
Each time he's been around, around  
With plenty of advice  
From all the other mice  
Sets out and hopes he's got it straight  
His audience will grow  
As long as he is slow  
They love to watch another man's mistakes  
As more of them arrive  
His path is more disguised  
Confusion seems to cloud his every thought  
But it's been this way before  
Stares at the final door  
The one he's missed  
Each time he's been around, around  
Chorus (x2)  
Ever nearing eyes  
Watch him as he tries  
To correct that one same mistake  
It souldn't take long  
Oh, where did he go wrong  
He's tried so hard it must be in his fate  
For everybody else  
It's quick they need no help  
Why must it take him so long  
But he's been this way before  
Stares at the final door  
The one he's missed each time he's been around, around
