Sahara Hotnights, Quite A Feeling

Quite a feeling, quite a relief, quite a mess Quite a feeling, quite a relief, quite a mess, quite a mess

Someone convinced me of jealousy It's the best compliment I'll ever get So I shouldn't be the sad girl shouldn't but I said I was And who's going to tell who's going to tell this time?

It's a blizzard outside Don't you dare stay inside

Quite a feeling, quite a relief, quite a mess Quite a feeling, quite a relief, quite a mess, quite a mess

And what of the light boxing in the back Why do I fear the poison I spread out There's no need to swing back coasters, the bottle display And who's going to fail, Who's going to fail this time

It's a blizzard outside Don't you dare stay inside

Quite a feeling, quite a relief, quite a mess Quite a feeling, quite a relief, quite a mess, quite a mess

It's a blizzard outside Don't you dare stay inside It's a blizzard outside Don't you dare stay inside

Quite a feeling, quite a relief, quite a mess Quite a feeling, quite a relief, quite a mess Quite a feeling, quite a relief, quite a mess Quite a feeling, quite a relief, quite a mess
