

Sahara Hotnights, Visit To Vienna

Hey I need a visit to Vienna,
a weekend of romance and fun
Baby check your busy agenda
if you got time for a final round
Maybe it's a way to skip the end
but it is what you do when you can't rewind
You said you would take me anywhere I want to
if I swear I'd leave my doubts behind

We pity you loves leftovers
and look down on those who can't stay true
We are safe but we can't stop wondering,
if this is it then who's fooling who?

My baby and I oh
My baby and I oh
My baby and I

Hey we need a visit to Vienna
I've heard that there's something about that fallen town
They say don't forget to bring your friend on
schne Donau under Vienna sun
And if we ever get to Vienna
sell us dreams about that echoing dome
What if a last waltz can really save us
young at heart and full of hope

We pity you loves leftovers,
we look down on those who can't stay true
We are safe but we can't stop wondering,
if this is it then who's fooling who?

My baby and I oh
My baby and I oh
My baby and I

We pity you loves leftovers,
we look down on those who can't stay true
We are safe but we can't stop wondering,
if this is it then who's fooling who?
And nothing really scares us no longer
We've tried the nastiest words we could find
They say what doesn't kill makes you stronger
But should it be about how to survive?

My baby and I oh (x8)
