

# Saint, Crime Scene Earth

Let's begin and tell the story from the first  
When Adam took the deadly bite  
That began the curse  
Now the yoke of sin and hate  
Lurking at the door  
With one mans sin we shall die  
The sacrifices pour  
Crime scene Earth  
See the cattails ripping off His flesh  
Crime scene earth  
Where the nails were pound and His side was pierced  
Crime scene earth  
Hear His innocent blood scream forgive  
Crime scene earth  
The prophecies of ancient days  
Have now been complete  
The veil has ripped the serpent crushed  
Pummeled in defeat  
On a cross of shame he hanged  
A sore for eyes to see  
A sacrifice of love to man  
And in the Son you're free  
If the devil only knew His cross would break the curse  
He would have fled 10,000 miles instead he gave his worst
