

Saint Etienne, Jack Lemmon

I'm here waiting
Anticipating
Life without you

Been up drinking
But I'm still thinking
About you
Yes it's true

Every day
In every way
What can a girl do
Without you

I keep falling in love
And you're breaking my heart
I know that it's wrong
But where do I start?
It's the end of the day
I'm here alone
And you're so far away

Two years later
I still don't hate her
What can I do (?)
About you (c'est tres beau une femme qui pleure)

You're what I want
You're what I need
Don't ever change
Honey please
You took me on
Don't give me up
I'm overcome (?)
It's just enough
I couldn't live
Without you there
It means a lot
This sweet affair
I'll make a wish
About you and me
We'll feel like this
For eternity

I keep falling in love
And you're breaking my heart
I know that it's wrong
But where do I start?
It's the end of the day
I'm here alone
And you're so far away
