In the rain

In the fall

In the mud

In the hall

In the main

In the fog

In the showers

Call my name...

In the rain

In the fall

In the mud

In the hall

In the main

In the fog

In the showers

Call my name...

Call my name...

In the rain

In the stall

In the bath

In the hall

In the car

In the main

In the showers

Call my name...

Ah...

In the rain

Call my name...

In the rain

In the fall

In the mud

In the hall

In the main

In the fog

In the showers

In the rain

In the stall

In the bath

In the hall

In the car

In the main

In the showers

Call my name...

(Call my name...)

In the rain...

Call my name...

Ah...

Call my name...

Ah...
