

Saint, Invader

I came across a smoking field, pulsating afterglow
I saw a seering flash of light erupt and skyward go
I staggered back in dazed surprise
What was it I had seen?
And as I stood there mesmerized I heard my spirit scream
Invader, invader nearby
Invader, invasion is nigh
This is the first of more to come in carefully planned attacks
If it is so we must prepare defenses to fight back
The call is out throughout the world
United we must stand
To build a line, strategic force, they will not take a man
Invader, invader nearby
Invader, invasion is nigh
When they come to take control every man must play his role
They won't take our world away when the children we leave
Will have to believe in today
We warn you now you things out there
Whatever you may send
We wont give in without a fight, a fight until the end
With vigilance by day and night our scanners trace the sky
A shield is sealed upon this earth, a shield you wont get by
Invader, invader nearby
Invader, invasion is nigh
