

# Saint, The Perfect Life

Come to a place with me  
I'll take you  
It's a place of happiness  
And dreams, for you  
We will take the stairway  
To the stars and  
Never look back  
On this broken life cause  
He can show you the perfect life  
The perfect life for you  
He can show you the perfect life  
The perfect life for you  
Come to a place with me  
I'll show you  
It's a place where all your  
Dreams come true, for you  
We can fly the stars through  
The sky and never never look back  
On this broken life cause
