

# Saint Vitus, Living Backwards

I've been gone forever  
Lost in my own zone  
Wandering a wasteland  
Trapped here all alone  
No one here to help me  
No one even cares  
So I became the ruler  
of the land of despair  
Tried ti catch the fast lane  
But I was left behind  
Now I'm only chasing  
The colors in my mind  
Dreams were made for mortals  
None were left for me  
So I'm living backwards  
The past is all I see  
The past is all I see
