

Saliva, F*** All Y'all

F**k all Y'All!

Here's a little story that needs to be told
About the devil doing business in the fiery hole

Here's a little story that's oh so true
About the fame the money and lawyers too

There's just one thing I'll say to you
If you're f**king me I'm gonna f**k with you

Since all my money you're chasing
I'll find a steady replacement

F**king me must have been entertainment

Nobody move nobody gets burned

Nobody move nobody gets burned

Nobody move nobody gets burned

Nobody move nobody gets burned

Here's to all the f**king lies you told

About a rabbit in the hat that's running for the hole

Here's to all the f**king money you made

So take your nickel back and default the rest of the take

There's just one thing I'll say to you

If you're f**king me I'm gonna f**k you too

Since all my money you're chasing

I'll find a steady replacement

F**king you is gonna be entertainment

Nobody move nobody gets burned

Nobody move nobody gets burned

Nobody move nobody gets burned

Nobody move nobody gets burned

[Solo]

Nobody move nobody gets burned

Nobody move nobody gets burned

Nobody move nobody gets burned

Nobody move nobody gets burned

Nobody move nobody gets burned

Nobody move nobody gets burned

Nobody move nobody gets burned

Cause what goes around is coming back around

So F**k All Y'all
