

# Saliva, Famous Monster

Dear heavenly father please forgive us  
fore we know not what we do  
Look at your life  
Look at the way you slip and slide  
Look at your time  
Look at the ones you've left behind  
Look at your eyes  
The haunted black circles of your plight  
But you can get by  
Oh and killing you might take one more night  
Cuz you're a famous monster  
You'd do whatever they offer  
You tie their noose around your neck  
And they throw you over  
Cuz you're a famous monster  
Look at your mind  
Look at the strength you never found  
You lean on your pride  
The only thing that would never let you down  
Look at the signs  
Look at the way they stop and stare  
They're watching you die  
And when you're gone its like you were'nt even there  
Cuz you're a famous monster  
You'd do whatever they offer  
You tie their noose around your neck  
And they throw you over  
Cuz you're a famous monster  
You'd do whatever they offer  
You tie their noose around your neck  
and they throw you over  
cuz you're a famous monster  
famous monster  
famous monster  
famous monster  
famous monster
