

# Saliva, Time

It's been a long time since you were here  
And I cannot erase what seems so clear  
And I cannot hide from you no more  
I've closed another door  
And I'm not gonna hide from you this time  
I wanna look you in the eye

Is the sun gonna shine throughout the  
Windows of these haunted rooms?  
Will I have to die to find out  
If I can ever be with you?

It's been a long time since you've been gone  
And I can't figure out just what went wrong  
And I'm not gonna lie to myself no more  
I've opened another door  
And I'm not gonna hide from you this time  
I wanna look you in the eye

Is the sun gonna shine throughout the  
Windows of these haunted rooms?  
Will I have to die to find out  
If I can ever be with you?

Just when my heart was breaking  
The suffocating was rearranged in you  
The past has gone by and I can't rewind

Is the sun gonna shine throughout the  
Windows of these haunted rooms?  
Will I have to die to find out  
If I can ever be with you?

With the ghosts in my mind, I'm haunted  
I only wanted me and you  
As long as I'm alive, I'm wanted  
The only one to see me through
