

# Saliva, Unleashed

Yeah

This television has a poison on its breath  
this counter culture of both wicked lies death  
it makes my eyes bleed every time I turn around how  
will they all feel when I bring them to the ground and I say

I walk for miles inside this pit of danger  
A place where no one follows me  
I walk alone  
Huh

Yeah  
I'm sick of all these people talkin' out their heads  
I've never understood a damn thing that they said  
From words to actions  
Never knowing what they're about  
I guess I'll have to chew them up and spit them out

And I'll say yeah

I walked for miles inside this pit of danger  
I've swallowed down a thousand years of anger  
The weight of the world has fallen on my shoulders  
A place where no one follows me  
I walk alone

I walk alone  
Yeah

I walked for miles inside this pit of danger  
I've swallowed down a thousand years of anger  
The weight of the world has fallen on my shoulders  
A place where no one follows me  
I walk alone

I walk alone
