

Sally Oldfield, Samurai Of The Sun

You will be afraid, you will
be afraid,
You will be afraid of the
light if your heart is dark,
Watch the sky, here they
come, Samurai of the Sun!

Fear hits the Red Zone!
Encrypt.
Fear hits the red!
Watch the sky, here they
come, Samurai of the Sun

But there's danger in the wind
But there's danger to my
heart,
Its only love, boundless
love,
Samurai of the Sun!

Oh the nights so beautiful
Taking me, my only love,
You set me free, my
only love
(here they come, Samurai
of the Sun)

Never known a night so
beautiful
Oh, my only love, way
beyond the light,
(Here they come, Samurai
of the Sun)

Every cell of my body
aligns
Every cell of my body
aligns to the northern
star
Every cell of my body
aligns to the northern star
of the god-force.
