

# Sally Oldfield, Sometimes I'm A Woman

Oldfield

If you're ever gonna break my heart again

If you're ever gonna make me cry

If you're ever gonna run and leave me

Don't tell me why

Just leave early in the morning, leave me at the break of day

Just leave me in the silence, I can find my way

Sometimes I'm a woman, sometimes I'm a child

Sometimes I let my feelings run away and I'm acting strange and wild

But when you take me in your arms it feels so right

I wanna tell you tonight I will be with you until the very end

Sometimes I get the feeling, that I don't know what to do

Sometimes I want to run and hide, want to run to you

Sometimes I feel like laughin' at the stories that we tell

The only thing I really know is we know each other well

Sometimes I'm a woman, sometimes I'm a child

Sometimes I let my feelings run away and I'm acting strange and wild

But when you take me in your arms it feels so right

I wanna tell you tonight I will be with you until the very end

Sometimes I'm a woman, sometimes I'm a child

Sometimes I let my feelings run away and I'm acting strange and wild

But when you take me in your arms it feels so right

I wanna tell you tonight I will be with you until the very end

I let my feelings run away

I'm a woman, sometimes I'm a child
