

# Sally Shapiro, I'll Be By Your Side

You were so sad, you were so blue  
No need to tell  
'Cause I know all of the story  
Baby, my love is all so true  
The morning comes  
There is no need to worry  
Ooh-ooh-oh-ooh-ooh  
I'm with you all the time  
'Cause you know that

Chorus:

When you feel so lonely in your heart  
I'll be by your side, tonight  
I'll be by your side, oh-oh-oh  
When the world is falling all apart  
I'll be by your side, tonight  
I'll be by your side, oh-oh-oh

The darkness will end  
The dawn will shine  
You are my love  
I'm by your side tonight  
Baby, you know we will be fine  
Just don't let go  
You have to hold on tight  
Ooh-ooh-oh-ooh-ooh  
I'm with you all the time  
'Cause you know that

When you feel so lonely in your heart  
I'll be by your side, tonight  
I'll be by your side, oh-oh-oh  
When the world is falling all apart  
I'll be by your side, tonight  
I'll be by your side, oh-oh-oh
