

Salt, God Damn Carneval

Got to be in time
Got to be in time with
Got to be in time
I got to be in time with...

Maybe I'm a ghost sometimes
Or maybe I will go somewhere
Some will say I had too much
I say, I had to go somewhere

Have my faith in true love
Have my faith in you my love
Had my wishes done for today
Had my wishes done for you

I whisper it out
I whisper it out
I whisper it out
I'm whispering it out for you
