

Salt, So I Ached

So, impact - So I ached - So naked - So I ached -
Time to do what ever else - Time to do what ever counts - Just about to scream -
Just about to burst - Like I abused... - Like I abused... -
Like I abused your face - Lovely fine - head of yours - Little tiny -
will of yours - Noises that I can't define - Noises that I can't remind... -
In kisses so violent - In kisses so close -
