<lyrics>
I saw the wolf, the fox and the hare
I saw the wolf and the fox dancing

All three circled around the tree
I saw the wolf, the fox and the hare
All three circled around the tree
Circled the sprouting bush

Here the whole year over is filled with work
To earn a few pennies

And the whole month I didn't see anything
When I saw the wolf, the fox and the hare
There is nothing left for us anymore
I saw the hare, the fox and the wolf
