

Sam Nicosia, Our Love

There is nothing like home
You are to me like hair is to a comb
Some things belong together
Even if they have nothing left to whether
And something like

Our Love
Is everything you need
Our Love
Is something to succeed
Our Love
Is something you don't need to question
It's like great day with a good impression

So here's good news
I love you
There's nothing weird about that
So don't sing the blues
And make it true
Like doves under the hat

Our Love
Is everything you need
Our Love
Is something to succeed
Our Love
Is something you don't need to question
It's like great day with a good impression

It's Our Love
Do I need to spell it out for you
L-O-V-E
And that is the key
And it's true

Our Love
Is everything you need
Our Love
Is something to succeed
Our Love
Is something you don't need to question
It's like great day with a good impression
