

# Sam Ryder, All The Way Over

Still got your number but I don't call it  
I'm still in pieces and it would be worse if we were talking  
'Cause it feels like you're still stuck inside my heart  
So how are you completely still together  
While I completely fall apart

I know you're doing okay 'cause I still talk to all your friends  
I wish I was doing okay but there's no way I can pretend

'Cause I'm not all the way over you yet  
God knows I try but you're hard to forget  
They say there will come a day  
When this pain will leave my chest  
But I'm not all the way over you yet

Time heals but it'll feel like slow motion  
It's like I'm trying to move on but I'm frozen  
It's just some kind of mystery I'll never get to the bottom of  
How do you keep moving forward  
But I'm grinding to a stop

'Cause I'm not all the way over you yet  
God knows I try but you're hard to forget  
They say there will come a day  
When this pain will leave my chest  
But I'm not all the way over you yet

I keep on crying over you  
And I keep on trying to get over you

I'm not all the way over you yet  
Just see you round and I try to forget  
They say there will come a day  
When this pain will leave my chest  
But I'm not all the way over you yet
