

# Sam Ryder, SPACE MAN (Wielka Brytania - Euro)

If I was an astronaut, I'd be floating in midair  
And a broken heart would just belong to someone else down there  
I would be the centre of my lonely universe  
But I'm only human and I'm crashing down to earth

If I was an astronaut, I'd have a bird's eye view  
I'd circle 'round the world and keep on coming back to you  
In my floating castle, I'd rub shoulders with the stars  
But I'm only human, and I'm drifting in the dark

I'm up in space, man  
Up in space, man  
I searched around the universe  
Been down some black holes  
There's nothing but space, man  
And I want to go home

If I was an astronaut, I'd speak to satellites  
My navigation systems would search for other life  
But I'd be up here thinking 'bout what I'd left behind  
'Cause I'm only human with the real world on my mind

I'm up in space, man  
Up in space, man  
I've searched around the universe  
Been down some black holes  
There's nothing but space, man  
And I want to go home

Gravity keeps pulling me down  
As long as you're on the ground, I'll stick around  
Stick around  
I'll stick around

I'm up in space, man  
Up in space, man  
I searched around the universe  
Been down some black holes  
There's nothing but space, man, no  
Oh, I'm in the wrong place, man  
Nothing but, nothing but, nothing but space, man  
Nothing but, nothing but, nothing but space, man

I've searched around the universe  
Been down some black holes  
Nothing but space, man  
And I want to go home
