Sam Salter, On My Heart

On my own
For far too long
I know that this time
In you I have a home
And I will never let you stray away from me
In you I finally see
What it means to feel perfect harmony
I'll give you my all
For you I'll take the fall
I just can't understand
What would make a man
Ever let you go

[Hook]
Hear me call
I'll give all
I said whatever it takes
I'll put it all on my heart
I'll put it all on my soul
I said whatever you need
I promise that I'll put it all on my heart
On my soul
I'll put everything on my heart

Girl I know that
You have doubts about love
Will it ever find you again
But I'm here to say
Don't you dare run away
From what you truly need
I've been there for you
Now be there for me
I'll be all the man that you'll ever need
Girl I've paid the price, I've sacrificed
Now I've finally found what I've been looking for

[Hook]x1

Now that you're mine
The lonely has gone away
It's a brand new day
Today is the start
Of 'til death do us part
I've never felt so good
Until you were mine
I put this on my heart 'til the end of time

[Hook]x3 to fade
