

Sam Sparro, Black And Gold

Mmm

If the fish swam out of the ocean
And grew legs and they started walking
And the apes climbed down from the trees
And grew tall and they started talking
And the stars fell out of the sky
And my tears rolled into the ocean
And now I'm looking for a reason why
You even set my world into motion

Coz if you're not really there
Then the stars don't even matter
Now I'm filled to the top with fear
That it's all just a bunch of matter
Coz if you're not really there
Then I don't wanna be either
I wanna be next to you
Black and gold, black and gold, black and gold

Mmm

I look up into the night sky
I see a thousand eyes staring back
And all around these golden beacons
I see nothing but black
I feel the weight of something beyond them
I don't see what I can feel
If vision is the only validation
Then most of my life isn't real

Coz if you're not really there
Then the stars don't even matter
Now I'm filled to the top with fear
That it's all just a bunch of matter
Coz if you're not really there
Then I don't wanna be either
I wanna be next to you
Black and gold, black and gold, black and gold
(Black and gold, black and gold, black and gold, black and gold, black and gold)

Mmm

Black and gold, black and gold, black and gold
Oh-oooh-oooh-oooh-oooh

Coz if you're not really there
Then the stars don't even matter
Now I'm filled to the top with fear
That it's all just a bunch of matter
Coz if you're not really there
I don't wanna be either
I wanna be, next to you
Black and gold, black and gold, black and gold
