

Sam Sparro, Can't Stop This!

I got something in my hands that you want
And I am ready to hand it over
I got something that I gave use not enough
And you tell me that you need another
Well I see this is just an issue out control
And you sit there nice and tidily
You where hoping I would be the one to fix your mode
But I am not feeling quite despite

I cant stop this
(feels like I am falling)
I wont drop this
(holding it so carefully)
Do I want this
(my wish is to surrender it)
I cant stop this
(Lalalalalala come sing it, come sing it)

Well it came along right when I needed you
Well at least I thought that I did
See I always know just what I wanna do
But now I don't want you to forbid me

You got me on a leach that's tight
Now I don't know what to write
I don't know where I am going
When I cant see the light
If this parachute wont open
I was never meant to land
If you find my body
Wont you please tell my man

I cant stop this
(feels like I am falling)
I wont drop this
(holding it so carefully)
Do I want this
(my wish is to surrender it)
I cant stop this
(Lalalalalala come sing it, come sing it)

Cant you leave me inculcated
The less I got, the less I can
Would like to thank you for your friendship
You really care
Eyes are open
But I feel like
I am inside a dream
Please wake me up

I wont drop this
Do I want this
I cant stop this (i cant stop this noooo)
I cant stop this
(it feels like I am falling)
I wont drop this
(holding it so carefully)
Do I want this
(my wish is to surrender it)

I got something in my hands that you want x3
I got something, I know you want it
