## Samael, Voyage

On the road, in the air
Across the sea, across the land
Going
Everywhere, meeting everyone
Around the globe, around your head
Across
Your soul, all through your brain
Meeting everyone, going everywhere...

Blessed are the travelers, those who belong nowhere... On the road again

Traveling further than my thoughts can go...

On the road again

Searching,

Finding

Forgetting, remembering

How it goes...

Different cultures,

Different traditions

Different languages, different approaches

Of the

World...

World within our eyes, confronted by the outside...

On the road

Again

Far - of destination, constant vacation...

On the road again

Searching, finding

Forgetting, remembering

How it goes...

Introspective

Trip

**Initiative voyages** 

All along...

On the road, in the air

Across the

Sea, across the land

Going everywhere, meeting everyone

Around the globe,

Around your head

Across your soul, all through your brain

Meeting

Everyone, going everywhere...
