

Samantha Fox, Don't Cheat On Me

(chris tsangarides)

Don't...you ever cheat on me
I come home late, it's been a long day
You never talk, you don't know what to say
You think it's easy that I don't mind
And I don't see it 'cause love is blind

I may be crazy but I'm no fool
I know the game and you're breaking all the rules baby
Uh-huh

{chorus:}
You better stop (stop your cheating on me baby)
You better stop (stop your cheating on me baby)

You better stop (stop your cheating on me baby)

Don't you ever cheat on me

It's late at night, you're lying by my side
You say her name, why can't you whisper mine
You're only dreaming that I don't care
It makes me mad 'cause you're lying again
A broken heart isn't easy to mend
You find a lover, but you're losing a friend
Uh-huh
