

# Samantha Fox, Dreams Unfold

Sometimes you've gotta leave what you love  
To make that love grow strong  
There comes a time when a voice inside will tell you where you truly belong.  
You search your heart and you will find  
The answer has been there all the time

## CHORUS

Tonight all my dreams unfold  
The hand of love has touched my soul  
The longest journey's reached the end of the road  
I will never walk alone as my dreams unfold

Goodbyes the hardest word to say  
Each and every time  
And if I had to leave this sacred place  
I would leave my soul behind  
You search your heart and you will find  
The answer has been there all the time

## CHORUS

Tonight - all my dreams unfold  
The hand of love has touched my soul  
The longest journey's reached the end of the road  
I will never walk alone as my dreams unfold

Close your eyes and you'll hear my call  
Through every high and through every low  
Let's prove - we can weather the storm

## CHORUS

Tonight all my dreams unfold  
The hand of love has touched my soul  
And I've been waiting for this moment  
For all my life and I'll never let it go  
The longest journey's reached the end of the road  
I will never walk alone as my dreams unfold
