

Samantha Mumba, Body To Body

Body to body
Funky to funky
We know how to rock your party
Ah, ah, c'mon, c'mon
Ah, ah, whatcha saying (uh ah)
Mama said
Don't you play around town
But I just can't control myself
Picking up that boy tonight
Ain't gonna put him down 'til it feels alright
People stop and stare
Coz he's looking fair
Come on over baby let me show you how I care
It's getting hot in here
My biorhythms jumping
Got my circulation pumping
We are...
Body to body
Funk to funky
We know how to rock your party
Body to body
Funky to funky
We know how we're wrecking your party
It's physical
Not just spiritual attraction
I hear you coming when I ring the dinner bell
Got my phazer set to stun
Now we're gonna have some fun
I got my people up inside
Baby wanna ride?
Party's fairly jumping but we're gonna have to slide
I need a miracle
Turn it up a little higher
The roof is on fire
We are...
Body to body
Funk to funky
We know how to rock your party
Body to body (body to body)
Funky to funky (funky to funky)
We're coming in your house & wreckin' up your party
Struck out another line
Making an all time flow
My mamma said
To get things done
You gotta go to school
Ain't gonna have no fun
My mamma said, you're still too young
You gotta slow it down
Ain't gonna have no fun (no, no, no)
Coz we're, coz we're, coz we're...
Body to body
Funk to funky (funk to funky)
We know how to rock your party
(Rock your party, baby)
Body to body (body to body)
Funky to funky (funk to funky)
We're coming in your house & wreckin' up your party
Struck out another line
Making an all time flow
