

# Samhain, November's Fire

Night calls on summer's end  
Dark aspect, breed divine  
Knee-deep, the blood of swine  
Come season, come reborn

November-Coming-Fire  
Samhain-grim (Samhain-grim)  
And then it all comes down  
Samhain-grim

Arms to flail in flame  
Waving, trembling  
These things breed to flame  
All things must come to ash

November-Coming-Fire  
Samhain-grim (Samhain-grim)  
And then it all comes down  
Samhain-grim

Embrace the night air  
Summer's end, Heaven sent  
Breathe the fire's musk  
Insatiating full

November-Coming-Fire  
Samhain-grim  
And then it all comes down  
Samhain-grim

November-Coming-Fire  
Samhain-grim  
And then it all comes down  
Samhain-grim
