

Samiam, My Convenience

i don't like the way you touch me
you hurt me once again
something about you irritates me
some things break before they bend

(CHORUS)

i can't remember the last time, i saw your face without that frown
and would you believe there's people who like having you around
had to be a time when there were good things on your mind
there's got to be something in your life that's worked out right

the only time i need you
is when you've gone away
i just want somebody to talk to
i don't need you getting in my way

(CHORUS 3x)
