## Samiam, My Convenience

i don't like the way you touch me you hurt me once again something about you irritates me some things break before they bend

## (CHORUS)

i can't remember the last time, i saw your face without that frown and would you believe there's people who like having you around had to be a time when there were good things on your mind there's got to be something in your life that's worked out right

the only time i need you is when you've gone away i just want somebody to talk to i don't need you getting in my way

(CHORUS 3x)
