

# Samiam, She's A Part Of Me

every sunday  
my little girl and me  
we take a ride  
just get up and go  
four blood shot eyes  
coasting down the road  
we look like trees  
on a windy day  
we stagger drunk and home we sway,  
to and fro  
she's a part of me,  
that's why we fight  
as long as time is free  
and we got a place to hide  
She's A Part Of Me

we like to sleep in  
we keep a low profile  
saying peoples' names  
and all the things they don't know  
we stagger drunk and home we sway,  
to and fro  
she's a part of me,  
that's why we fight  
everybody says so,  
they keep low  
she's a part of me,  
that's why we fight  
she's a part of me  
everybody says so
