

# Sammy Hagar, Cruisin' & Boozin'

Saved all money for this Saturday  
Got all my work done on time  
Well finally kid, nothing can stop us now  
Coming rain or shine

Every sweet thing on the street corner  
"Hey, can I give you a ride...?"

We're just cruisin' and boozin'  
Trying to have a good time, that's all, baby  
Cruisin' and boozin'  
Out with some friends of mine, huh

Someday, I'm gonna beat this race  
Be on top, you'll see  
Step myself out across that line  
And be anything I wanna be

But right now, everything's alright  
Out here in the streets

Just-a cruisin' and boozin'  
Trying to have a good time, ain't tryin' to do nothin' wrong  
Cruisin' and boozin'  
Out with some friends of mine

We got JD in the back seat  
We drink nothin' but the best  
Pump a buck in the gas tank  
Oh, we'll drink up the rest  
Yeah, we'll drink up the rest

Cruisin' and boozin'  
Trying to have a good time, ow  
Cruisin' and boozin'  
Out with some friends of mine

Friends of mine, friends of mine were cruisin' and boozin'  
Trying to have a good time, that's all, Saturday night's alright  
Cruisin' and boozin'  
Out with some friends of mine, oh yeah
