

Sammy Hagar, Dreams/Cabo

"Everybody happy?
Yeah, me too, that makes a thousand of us

All my life I've dreamed of standing right here
So I can tell you
There's certain things in your life that are important
More than anything

One is the air you breathe
The water you drink, the food you eat
Your family

And just as important of all that, just as important
Are a little thing called dreams

Everybody has to have a dream
It doesn't matter, it doesn't matter how big your dream is
Or how small your dream is, it doesn't matter
Maybe your dream is to go to the moon, okay
But you have to have a dream
And you have to have something to reach for
And something to keep trying for to make you happy

Maybe your dream, like my mother just wanted a little piece of land
In the back of your house, where you can grow a garden
And have beautiful tomatoes every year, man that makes me happy
To be that simple

You just gotta have your dream
All my life, I've dreamed of doin' what I'm doin' right now, okay?
And I'm here to tell you
Chasing your dream is great. Doesn't get any better
Except maybe, living your dream
'Cause when you live your dream
It doesn't get any better than this"

Well, your world turns black and white
Your pictures in an empty room
Your love starts fallin' down
Better change your tune

And reach for the golden ring
Reach for the sky
Spread your wings

And get higher and higher
Straight up we'll climb
Higher and higher
Leave it all behind

Run, run, run away
Like a train runnin' off the track
The truth gets left behind
Fall between the cracks

Standin' on broken dreams
Never losin' sight
Spread your wings

And get higher and higher
Straight up we'll climb
Higher and higher
Leave it all behind

Now baby dry your eyes
Save all the tears you've cried
Oh, that's what dreams are made of
Oh, and baby, we belong in a world that must be strong
And that's what dreams are made of

Oh, oh, oh, oh
Oh, oh, oh, oh
Oh, oh, oh, oh
Oh, oh, oh

Let's get higher and higher
Straight up we'll climb, wooh
Let's get higher and higher
Let's leave it all behind
We'll get higher and higher
Who knows what we'll find?

Now baby dry your eyes
Save all the tears you've cried
Oh, that's what dreams are made of
Oh baby, we belong in a world that must be strong
Oh, that's what dreams are made of

And in the end
On dreams we will depend
Woah, that's what love is made of

I've got my dreams
We'll always have our dreams, yeah

Oh, dig it now, baby

Well, I've been to Rome, Dallas, Texas
Man I thought I'd seen it all, oh
Around the world, searchin' every corner
Man I thought I'd hit the wall

There's a sleepy town south of the border
You go there once, you'll be there twice
Lots of pretty girls comin' down there by the dozen
White sand sure make a tan look nice

We can crash on the beach
You know I wanna make love in the sea
Gonna try a little dance, so Cabo Wabo
It's alright by me

Come on, let me take you down
I will show you all around, down in Cabo
Let me take you down
Face down in Cabo, kissin' the ground

Damn, we love you people
