

# Sammy Hagar, Hot And Dirty

I was lookin' at ya, from across the room  
And there's nothing deeper than tonight  
Well all I wanted, was to dust my groove  
and she was lookin' like she might  
Oh, the woman has a certain smile,  
a special look, some kind of tension  
Yeah, I just know it all the while  
Everyone knows my intention  
(oh)

Chorus:

She's hot, and she's dirty  
Little did I know, what I was bitin' off  
I thought I would pull a hit &&& run  
Just about the time I was gettin' off  
She said the fun has just begun  
(whoo)

Yes, I thought I knew my way around  
I always like a few surprises  
Yes, but when she felt me going down, down down  
Well you talk about surprises  
(Oh!)

Yes!

She's hot, she's dirty  
That woman was hot, (yeah) she's dirty  
Yeah, yeah, yeah, yeah

{guitar solo}

Oh, nothin' has a certain smile  
That special look, some kind of tension  
Yeah, like she's known it all the while  
Every one of my dimensions

(oh)

(huh)

Yeah!

She's hot, she's dirty  
That woman that woman  
She's hot, she's dirty  
Yeah, yeah, yeah, yeah

{guitar solo}

She's hot, (good or bad) she's dirty  
I can see it in your eyes, baby  
She's hot, Who! she's dirty  
Yeah, that womans so hot

(huh)

She's dirty
