

Sammy Hagar, Lay Your Hand On Me

I lay my cards across the table for all to see
An' I swear still you are not able to lay your hand on me.
Behind me I feel like something's movin'
It's tryin' to hypnotize;
So dark, a shadow of a shadow
There behind blue eyes.
Lay your hand on me
Lay your hand on me
Lay your hand on me
Lay your hand on me
Lay your hand on me
Lay your hand on me
Lay your hand on me
Lay your hand on me
Lay your hand on me
Lay your hand on me
I swear I never tried to hurt you
So come talk to me
Your face, it's swollen with resentment;
Lay your hand on me.
