

# Sammy Hagar, Make It Alright

Hey  
You can make it alright  
With a hint of a smile  
With a wink of an eye  
If I could just let you know  
My heart's in your hands  
Go carefully  
Still holdin on  
Not lettin go  
You can make it alright  
Hey, Yeah  
You can make it alright  
Yeah, yeah, yeah  
You can make it alright  
Oh, yeah  
You can make it alright  
Yeah, yeah, yeah  
You can make it alright  
Faith  
When a promise is made  
So rusty and cold  
Just hangin bare  
On the shoulders of time  
Crushin the will  
Close to the line  
But still holdin on  
Not lettin go  
You can make it alright  
Hey, yeah  
You can make it alright  
Yeah, yeah, yeah  
You can make it alright  
Oh, yeah, yeah  
You can make it alright  
Yeah, yeah, yeah  
You can make it alright  
You can make it alright  
Hey, Yeah  
You can make it alright  
Yeah, yeah, yeah  
You can make it alright  
Oh, yeah  
You can make it alright  
Yeah, yeah, yeah  
You can make it alright  
You can make it alright  
You can make it alright  
Oh, yeah  
You can make it alright
