

# Sammy Hagar, Surrender

You and I have stood on separate sides  
If we get too close we'd only hide  
Any other way but face to face

And I'd be willing to give you all  
So take a little step, you don't have to fall  
If you want the fruits, you'll have to taste

Surrender, so I can give you my love  
Surrender, I don't wanna be the one  
Tuggin' on an empty sleeve  
I can't stop 'cause all I need girl is you

Now everybody knows I'm stuck on you  
So what's with all these games that we go through  
You can take your time and watch me walk away

Or surrender, so I can give you my love  
Surrender, I don't wanna be the one  
Who's tuggin' on an empty sleeve  
I can't stop 'cause all I need girl is you

Don't ya see I been riding out the tide  
Patient right from the start  
But all this waiting's like an arrow in my side  
Look at me, can't you see my heart  
Beat, beat, beat, beat, beating for

Surrender, so I can give you my love  
Surrender, I don't wanna be the one  
Who's tuggin' on an empty sleeve  
I can't stop 'cause all I need girl

I could be the one that you've waited for  
But you'll never know once I shut the door  
I'm gonna make my move, don't let me walk away

Oh, baby just surrender, so I can give you my love  
Surrender, I don't wanna be the one  
Tuggin' on an empty sleeve  
I can't stop 'cause all I need is your surrender

I don't wanna be the one  
Who's tuggin' on an empty sleeve  
I can't stop 'cause all I need

Is your surrender, so I can give you my love  
Surrender, I don't wanna be the one  
Who's tuggin' on an empty sleeve  
I can't stop 'cause all I need

Is your surrender, so I can give you my love
