

Sammy Hagar & The Waboritas, Stand Up

Stand up and shout

You don't have to spend your life on the bottom
Staring at the shadows on the floor
We got the ultimate protection from the system
Just be yourself, don't hide it anymore

Stand up and shout
Stand up and raise the cane, yeah
Stand up and shout
Stand up Stand up Stand up

One of us will always be waiting
Open handed hearts shining through
Holy hands of love are still bleeding
They're bleeding for the love shining through

Stand up and shout
Stand up and raise the cane, yeah
Stand up and shout
Stand up and scream your name, yeah
Stand up and shout
Stand up and shake your thing
Stand up and shout
Stand up Stand up Stand up

Stand up and shout
Stand up and raise the cane, yeah
Stand up and shout
Stand up and scream your name, yeah
Stand up and shout
Stand up and shake your thing, yeah
Stand up and shout
Stand up Stand up Stand up

Stand up
Stand up
Stand up
Stand up
