

# Sammy J, The Fingering Song

Well, Jim fingered Jenny, and Paul fingered Penny  
And Phil fingered Anne and Melissa  
And John fingered Tess, and then John fingered Jess  
Although he still refuses to kiss her  
And Rachel got fingered by Robbie  
Behind the maintenance shed  
But then she told Chels who told everyone else  
And now she's being fingered instead

Well, Scott fingered Sandy and Mike fingered Mandy  
And Joe fingered Jill we suspected  
Rick fingered Anita and Claire fingered Peter  
It wasn't quite what was expected  
And Sally got fingered by Simon  
When she fell asleep on the bus  
And when she came to, Simon said he came, too  
And nobody got it but us

Well, Bob fingered Betty and Bill fingered Becky  
She told us that he tried to fist her  
And George fingered Jen, and what about Ken?  
Well, I heard that he fingered his sister  
And Catherine got fingered by Cameron  
Whose hands he refuses to rinse  
And Sue's on the shelf so she fingered herself  
And she's been a lot happier since

Well, Chris fingered Chloe and Ray fingered Kate  
At the party where Ben fingered Bridget  
He told me outside he was unsatisfied  
Because she limited him to one digit  
And Lisa got fingered by Lucas  
But she dumped him and went off with Jack  
She he fingered her friend until Lisa began to feel jealous and lingered  
Waiting to be fingered until Lucas wanted her back

Ron fingered Jacinta the long-distance sprinter  
He blinked for a second and lost her  
And so many boys have been fingering Josephine  
She had to set up a roster  
And Carla got fingered by Kieran  
As she was plaiting her hair  
And when Lee fingered Liesel, he stuck up a Cheesel  
And some people say it's still there

Well, Rob fingered Lily and and Matt fingered Milly  
And Ken fingered Kim and got stuck  
And Mark fingered Mark, but that's not as scary  
As Gypsy, who fingered a duck  
And Alice got fingered by Andrew  
Standing in line at Big Ben  
But poor little Ingrid, she didn't get fingered  
Until she had got to Year Ten
