

# Sammy Johns, Chevy Van

I gave a girl a ride in my wagon  
Now she crawled in and took control  
She was tired as her mind was draggin  
And I said get some sleep-and dream of rock and roll

Like a picture she was laying there  
And moonlight dancing off her hair  
She woke up and took me by the hand  
She's gonna love me in my Chevy van  
And that's alright with me

Her young face was like that of an angel  
And her long legs were tanned and brown  
Better keep your eyes on the road son  
Better slow this vehicle down 'cause

'Cause like a picture she was laying there  
And moonlight dancing off her hair  
She woke up and took me by the hand  
She's gonna love me in my Chevy van  
And that's alright with me

I put her out in a town that was so small  
You could throw a rock from end to end  
A dirt road main street, she walked off in her barefeet  
And it's a shame I won't be passin' through again

Like a picture she was laying there  
And moonlight dancing off her hair  
She woke up and took me by the hand  
We made love in my Chevy van  
And that's alright iwth me

Yeah like a picture she was laying there  
And moonlight dancing off her hair  
She woke up and took me by the hand  
We made love in my Chevy van  
And that's alright with me

All right with me
